Thus, preventive events in society legal stability to strengthen help gives.

Keywords: education, prevention events, student, law, psychology, social, safety.

Introduction

Preventive events, in society violations prevent to take and social stability in providing important importance have them. effective organization to, in advance analysis to do, to plan and targeted groups to determine demand does. Organization to rules legal, social, economic and psychological factors into account to take in mind Preventive of events efficiency, their analysis and planning to the process is based on. Society various layers with cooperation, legal education, youth between educational affairs and social programs through preventive events successful done increase This process is possible. main purpose, offenses prevent to take and public safety is to provide.

Psychological basics using students negative from behavior save, they have social responsibility feeling formation and reinforcement possible. Such events mutual respect, discipline and to society useful was social values to develop directed to be must. To himself typical psychological approaches through students only legal knowledge not, maybe own behavior correct to direct They learn. This is preventive of events efficiency increases.

American pedagogue **John Dewey** his/her own to experience to teach in theory students themselves active participation feasible, practical experiments through knowledge they get Dewey emphasizes preventive of education efficiency increase for students' real -life to experiments based in activity participation to reach considers it necessary. Preventive events done in improving, students practical activities, various in situations social and legal problems solution to do help giving methods use, their efficiency increases.

Dewey's to the mind according to, preventive education effective organization to for students real life problems with to introduce them solution in doing asset participation to reach

encouragement necessary. Through this students legal and social consciousness development and negative social from events protection to do they learn.

World scientists preventive events about thoughts, education in institutions them effective organization to for various methodical approaches working on the way out big importance Howard Gardner many intellects theory application, **Jean Piaget** cognitive development theory, **Lev Vygotsky** social interactivity theory and **John Dewey** to experience to teach approach preventive of education efficiency in increasing help gives. Every one scientist to the mind according to, preventive events in students not only legal and social consciousness, maybe personal also supports development These approaches preventive of education effective execution provides and in students responsible, legal and social in terms of healthy individuals shapes.

Analysis and result

Education in institutions preventive of events effective done increase provide for following methodical basics necessary :

Systematic Approach. Preventive events only separately in cases not, maybe education process all in stages systematic accordingly application This is necessary for students permanent accordingly legal, moral and psychological point of view from the point of view to educate provides.

Interactive methods. Students active participation provide for interactive methods, that is games, problematic tasks, group discussions such as methods application These methods are necessary. students thinking ability develop, prevent of events efficiency increases.

Individual approach to students. Each one student's features in consideration to take preventive of events efficiency This increases the students' psychological and social status into account received without done increase need.

Pedagogical and psychological help. Preventive events to students only legal knowledge to give with not limited to, but to them psychological also provide assistance These students stress reduces and to them social adaptation makes it easier.

Teachers' professional preparation. Preventive events effective done increase for teachers regular accordingly methodical from preparation transitions and new methods appropriations It is necessary for these teachers preventive at events successful their work provides.

Many one-sided Approach. Preventive events, only legal or social situations discussion to do with without limitation, students various to the needs answer giving many one-sided approach demand This approach does in students social, legal and moral responsibility shapes.

Education in institutions preventive events, students legal mind shaping, health to provide, and social safety increase for done Preventive events effective to be for only rules and to restrictions without justification, pedagogical to methods and modern pedagogical

technologies application These activities are necessary. education process inseparable part is, the students psychological and social development supports. This analytical in the information education in institutions preventive events effective organization of reaching methodical basics and they through achievable results seeing is released.

Preventive of events main The goal is for students legal and social culture to form them offense and crime such as negative social from events protection Education in the institution preventive of events effective organization to be achieved, in students legal consciousness increase, negative consequences prevent to get, in society social stability to provide take is coming.

Preventive of events done increase education process all stages own inside takes, that is to students not only legal knowledge to give, maybe their personal, moral and psychological also take into account the situation to take must. With that together, preventive events in students health save, stress reduce, mental and physical prosperity to provide help gives.

Education in institutions preventive events not only legal consciousness to form, perhaps in students healthy marriage style also serves the development Preventive of events effective organization to be in students of offenses prevent get, social justice provide and in society security to increase help gives. Effective preventive events in students own rights and responsibilities understanding, social in the environment healthy and responsible person as to form help gives.

With this together, preventive events to students stress reduce, mental prosperity increase and social adaptation in improvement important is a tool. Preventive of events effective execution education in the institution social and psychological security provides and students general to develop service does.

Education in institutions preventive of events efficiency increase for pedagogical and psychological methods application necessary. Systematic approach, interactive methods, individual approach and teachers professional readiness preventive of events effective execution provides. With this together, preventive of events successful done increase for teachers, psychologists and pedagogical of the team joint activity important importance has. In students legal culture development, violations prevent to take and social security in providing preventive events important tool as service They do. effective execution education system quality increases and in society social stability to provide service does.

This methodical basics in students legal culture development, violations prevent to take and social security in providing important role plays. Education in institutions preventive of events effective done increase, students social activism, moral values respect to do and legal culture to increase directs.

Conclusion

Preventive of events organization to rules, violations prevent to take and social stability in providing important role plays. Effective preventive activities, first of all, correct analysis and planning, targeted groups to determine, and them necessary resources with to provide demand In this process public with cooperation, legal education and social programs done increase is important. Conclusion as in other words, preventive of events successful organization to be in society of offenses to reduce, safety to increase and in general social stability to strengthen take comes. That's why for this of events effective organization to be society further safer and fairer to do service does.
